

# NCSS, LLC Statistical Software Price List (Government)

Government pricing is available to local, state, province, or national governments and affiliated government organizations.

## PASS and NCSS Subscription Licenses (1-Year, 2-Year, and 3-Year) Include:

1. Access to any version of the software (current, future, or previous\*) for the time indicated (1, 2, or 3 years)
2. All major software upgrades (i.e., new versions) and minor software updates (i.e., bug fixes)
3. Complete software documentation online and through the Help System
4. Access to all online software training videos
5. Email and phone software technical support from Ph.D. statisticians

\* *With your order, we will deliver a license key that will unlock both current and future versions of the software. If you would like to use a version that was released prior to 2025, please tell us which previous version(s) you want to use when you place your order.*

## PASS and NCSS Perpetual Licenses Include:

1. Non-expiring access to the specific version of the software indicated\* or any previous version\*\*
2. All minor software updates (i.e., bug fixes)
3. Complete software documentation online and through the Help System
4. Access to all online software training videos
5. Email and phone software technical support from Ph.D. statisticians for a period of 3 years from the date of purchase

\* *This license DOES NOT include free upgrades to new major versions.*

\*\* *With your order, we will deliver a license key that will unlock only the current version of the software. If you would like to use a version that was released prior to 2025, please tell us which previous version(s) you want to use when you place your order.*

## License Terms and Restrictions for Each Single-User License:

1. Each Single-User license allows for access by 1 (and only 1) Named user. A Single-User license is for a named individual who is identified as the only Authorized User.
2. The named user may install the Software on up to 3 computers (e.g., home, work, laptop) for his/her personal use, as long as the 1 named, Authorized User is the sole user of the software on all computers. (This provision cannot be used as a mechanism to share the license with unauthorized users.)
3. A single-user license is not a concurrent-use or shared-use license and cannot be used by multiple individuals, even if the Software is installed and accessed on only 1 computer. A single-user license may not be installed on a computer or network with the intention to share the Software among multiple individuals even if the Software use is restricted to only 1 individual at a time. (A separate license must be purchased for each individual user.)
4. If the computer on which this Software is loaded is attached to a network, this Software and license must not be accessible by any other user on such network. Single-user licenses may not be installed or used in a virtualized environment in order to or in a manner that circumvents the single-user license type. (When the Software is accessed over a network or on a shared computer, a license must be purchased for each individual user.)
5. Single-user licenses may not be transferred more frequently than once in twelve months, except when the named user terminates employment at the institution or company.

For complete license terms and restrictions, see the [PASS](#) and [NCSS](#) License Agreements.

## Pricing:

- **Each price listed below is for one individual, named user.** For any pricing or licensing questions (*including pricing to upgrade existing perpetual licenses*), please [contact us](#) for a custom quote (*with your inquiry, please include the type of license you would like to obtain and the number of users; for perpetual license upgrade inquiries, please also provide your current license key(s) for verification*).
- All prices are in U.S. dollars (USD).

## Place Your Order:

- **Credit Card**  
Order online with a credit card at [www.ncss.com/online-store/](http://www.ncss.com/online-store/).
